

PadPak® SR Plus

Superior protection, competitive price

PadPak® SR PLUS is specifically designed for the protection of objects over 15 kg. This machine produces specific pads for clamping and reinforcing heavy or extremely fragile products in the box. The automotive, spare parts, and mechanical industry's are the industry sectors that will most benefit from PadPak® SR PLUS.

ADVANTAGES:

- More voluminous pad thanks to new technology
- It can work with Kraft paper 110 grams in a single layer to optimize packaging costs
- Optimal efficiency thanks to paper in bulks and roll

PadPak® SR Plus with bulks - 7Z0021

Converter for paper in bulks

101 x 95 x h193-225 cm	190 kg	NO	240 Volt	810 W

PadPak® SR Plus with reels - 7Z0020

Converter for paper in rolls

101 x 95 x h193-225 cm	190 kg	NO	240 Volt	810 W

Converter for paper in bulks

	Code	Reels on plt (80x120 cm)	Reel weight
PadPak® SR Paper PS 110 250m V	710033	24	21 kg

Converter for paper in rolls

	Code	Reels on plt (80x120 cm)	Reel weight
PadPak® SR Paper 70/70 400m	710001	7	43 kg
PadPak® SR Paper 50/50 215m	710003	20	16 kg
PadPak® SR Paper 50/50/50 145m	710004		17 kg
PadPak® SR Paper 70/70 290m	710005	11	31 kg
PadPak® SR Paper 70/70 290m w/w	710006		29 kg
PadPak® SR Paper 70/75 250m	710007		31 kg
PadPak® SR Paper 50/70 335m	710008		30 kg
PadPak® SR Paper 50/50 400m	710009		

Go green

All Ranpak papers come from FSC certified suppliers. The paper is safe for the environment and climate. It is also recyclable and comes from renewable sources.
